Roc. No. D.3.1138/54 dated 12/7/55.

Sub:- Agriculture - Indian Central Oilseeds Committee Scheme for the establishment of a Regional Arboretum of oil bearing trees in Madras State

Ref:- G.O. Ms. No.3667 Agriculture Department dated 27/12/54. pp 33-35 ante (2)

In the order cited, Government have sanctioned a scheme for the establishment of a Regional Arboretum of oil bearing trees in Madras State, for a period of five years. For locating the Arboretum the Oil Seeds Specialist, Coimbatore has proposed to acquire an area of of 9.18 acres of land in the immediate vicinity of the Coconut Research Station, Pilicode (South Kanara District). I submit herewith the following papers in this connection.

p 5 below (1) Statement showing the R.S.No., Ownership and actual area to be acquired (9.13 acres).

p 7 below (2) Form 1 - "Form of application"

p 9 below (3) Plan No.1. Detailed plan showing the location of the site proposed for the location of the arboretum at Pilicode.

p 11 below (4) Site plan of the Agricultural Research Station, Pilicode and the site proposed for acquisition for the arboretum.

2. The total cost of the acquisition of the proposed site including the value of the buildings, trees and wells existing on the lands with solatium at 15% is estimated by the District Collector, Mangalore to be Rs. 6837/14/5 or roundly Rs. 6850/-. Copy of letter No. L.Dis.17558/55 dated 28/6/5 of District Collector, Mangalore is enclosed. The District Collector, Mangalore who was informed that the Government would be requested to order the acquisition of the proposed site under emergency provisions of the L.A. Act, has stated that the site proposed for acquisition contains garden plots and also residential houses and that, therefore, it would not be possible to acquire the site by invoking the emergency provisions under Section 17 of the L.A. Act.

pp 3-4 below

3. In the sanctioned grant of the scheme, the following provisions have been made.

| | | |
|---|---|---|
| 1) | Cost of land ... | Rs. 5,000 |
| 2) | Digging of well | 1,000 |
| 3) | Laboratory and store room | 2,000 |
| | Total .. | Rs. 8,000 |

The site proposed contains three wells, in addition to one

good building , which can be utilised for watering the nursery beds and plants raised in the Arboretum area, during summer. After carrying out some minor alterations the building can be used as office and store room. The oil Seeds Specialist,Coimbatore feels that the balance of Rs.1150/- that may be left out, out of the available provision of Rs.8000/-. referred to above sould be sufficient to meet the expenditure towards carrying out alteration and repairs to the buildings,etc.

4. In the above circumstances the proposal to acquire the lands may please be approved and the District Collector, Mangalore, S.Kanara may be requested to submit to the Government necessary draft notification and declaration under the Land Acquisition Act.

5. I request urgent orders.

3.P.Dis.No.1188-54 dated 9.8.55 of the Director of Agriculture Madras.

At the instance of the Director of Agriculture Madras the Government in their memo cited have called me to submit through the Board of Revenue Madras neces ary draft notification under Section 4 (1) of the L.A.Act in respect of S.F.Nos.41/4,642 etc of Pilicode village, Hosdrug sub taluk of this district. The lands are required for the establishment of a Regional Arboretum of oil bearing trees. Enquiry shows that the plots proposed to be acquired do not contain any religious edifices,tombs or grave yards etc, The plots contain garden trees and residential houses. The total extent of the lots is 9.18 acres and the estimated cost of acquisition is Rs.6050/- .The plots are required for a public purpose.

2. In his letter cited (iii)Above, the Director of Agriculture Madras has reported that the lands proposed for acquisition for the establishment of an arboretum of oil bearing trees are for the state Government for the present. Enquiry shows that the acquisition is unobjectionable, but the urgency provision of the I.A.Act cannot be enforced in this case, as the plots proposed to be acquired contain garden trees and residential buildings.
